THE SPARTAPUSS SERIES:

NOW IN PAPERBACK

'Brilliant fantasy.'

Gladiator with cattitude

The acclaimed Spartapuss series is a 'must read' for kids aged 8+ and cat lovers of all ages.

I Am Spartapuss – the first novel in the series, is set in Rome AD 36, in a world ruled entirely by cats. Spartapuss, the hero, is a ginger cat who is happy managing Rome's most famous Bath & Spa complex. But Fortune has other plans for him. Imprisoned by the evil Catligula, (after a nasty incident in the vomitorium), he's finally released into a school for gladiators. Now Spartapuss must fight and win his freedom in the Arena – before his opponents make dog food out of him!

Brilliant, funny, exciting and packed with great detail, Spartapuss gets its claws into history and really makes the fur fly.....Sinclair Mackay The Daily Telegraph UK.

Real history facts underly a rollicking good story – plenty of puns and Latin jokes to amuse older teen and parents alike....
